

Breen Strategic Plan 2015-2020

Mission Statement: The mission of Breen Elementary, a dynamic educational and nurturing school community, is to inspire our students to achieve their academic potential, to ignite a passion for life-long learning and to become responsible, well-rounded citizens by

- fostering a collaborative environment where each student's unique potential is recognized, cultivated and celebrated
- developing a culture where innovation is paramount
- creating strategic partnerships between the school, community and its families

GOALS for Action Teams:

Goal #1: Each student will demonstrate 10% growth in their grade level baseline assessment by the end of the 2015-16 school year.

TACTIC: We will promote student academic growth through the implementation of best practices.

Best Practices Results Statements:

- Specific Result: To ensure every Breen student will have access to CCSS, all Breen teaching staff members are provided with ongoing educational training and adequate planning time to promote student growth.
- Specific Result: Promote academic communication between home and school and increase communication with parents in regards to the California Common Core State Standards.
- Specific Result: A structured intervention program that addresses all students' academic performance level will be identified and implemented

Goal #2: Each student will have 100% increased usage of technological devices by the start of the 2015-16 school year.

TACTIC: We will promote academic growth through access to and the use of technology.

Technology Results Statements:

- Specific Result: Provide computer hardware for students (K6) to ensure appropriate access.
- Specific Result: Provide sufficient and ongoing professional development for teachers, administrators, paraprofessionals, and parents to enable teachers to use technology for academic growth and to enable parents to support students at home.
- Specific Result: Provide students with software programs which enhance and reinforce curriculum/skills and provide research opportunities in order to promote measurable academic growth.

- Specific Result: Establish a comprehensive small group Learning Center to provide supplemental and enrichment opportunities to foster academic growth through the use of technology.

Goal #3: Each student will have the opportunity to participate in after-school programs, evident through a 50% increase of available programs by fall of 2015.

TACTIC: We will provide a variety of enrichment classes/clubs for ALL K-6 students.

Enrichment Result Statements:

- Specific Result: An assortment of classes will be available to interested upper and lower grade students that fosters academic and/or creative interests.
- Specific Result: After school enrichment programs will be offered to Breen students at low or no cost.
- Specific Result: A consistent group of instructors will teach after school classes/clubs.
